I have been playing organized soccer since kindergarten and I've been kicking a soccer ball my whole life. I am a team player and a leader that enjoys being part of a soccer team. My strength is my endurance and speed. I work very hard on my conditioning. My goal right now is to play soccer at the collegiate level. Everything I am doing in Club and High School soccer is preparing me academically and physically to play soccer in college while pursuing a degree in Education.

I train year round and participate in as many camps during the off season as I can in order to keep my skills sharp and to become the best soccer player I can be. Soccer is my passion and it's a sport that I can see myself playing my whole life. I am a competitor, a team player, and I hate to lose!

I plan to pursue a degree in Education. My Mom has been a 2nd grade teacher for over 25 years and I feel like I have grown up in the classroom. I enjoy working with her in the classroom and with the younger kids at my soccer club. I am in the Early Childhood Education program at Centerville because of my passion for teaching.
